RE-ENTERED PRACTICE OF MEDICINE.

Dr. George R. Tabor has decided to re-enter the general practice of medicine and has fitted up an elegant suite of offices upstairs over James' drug store. He has a card in this issue of The Eagle to which attention is directed. Notwithstanding the fact that during the past several years, Dr. Tabor served as state health officer for a considerable portion of the time, yet he has kept in close touch with the profession and his close attendance upon lectures has kept him abreast with every advance in medical science.

During the last year of his administration as state health officer, he went abroad and attended hospital lectures in Paris and London. Immediately after retiring from office he attended post graduate college in Chicago for two months, studying with the great surgeon, J. B. Murphy, and the great stomach specialist, Turk. After this he took a full course in the Illinois College of electro-therapeutics, and each year since that time has attended special lectures in New York, Chicago and New Orleans.

As is well known he was state health officer of Texas for five and a half years, and was colonel and surgeon-general of the Texas National Guard, being on the retired list now. Immediately upon his removal to Dallas he was voluntarily elected by the trustees of Baylor University, Professor of diseases of the stomach, in the medical branch of the university located at Dallas, and was afterwards elected to the chair of hygiene and sanitary science.

He was superintendent of the Briggs Sanitarium for the treatment of tuberculosis at Dallas, and resigned these positions to remove to Bryan.

While living in Dallas he was elected president of the American International Tuberculosis congress whose headquarters are in New York City, and which position he holds at the present time.

He is a member of the American Medical association, the Texas State Medical association, the Dallas County Medical association, the National Association of Military Surgeons, the National Legislative Council for Texas, and of the European International Tuberculosis congress.

ANNOUNCEMENT.

I wish to announce to my friends in Bryan and Brazos county that I have resumed the practice of medicine and surgery and will attend all calls, day or night. My office is upstairs over M. H. James' new drug store. Electro-therapeutics in office. Residence phone 456. Office phone 459.

Respectfully,
GEORGE R. TABOR, M. D.

How Erin and Scotia See Things.
We don't suppose a Scotchman and an Irishman will ever be able to peacefully settle an argument, because the madder a Scotchman gets the slower he talks, and the slower he talks the hotter the Irishman feels.—Puck.

She Was There.
A woman of whose death a witness at Clerkenwell county court said he had been informed came forward. His Honor:—Then you are not dead? The Woman:—No; I am here.—London Telegraph.

Family Jealousy.
"When you were scolding me," said his wife, "you declared there wasn't another woman in the world like me." "Yes," replied her husband, "and I'm glad of it—for the sake of other men."

All the Same to Him.
Wife:—John, there's a burglar going through your pockets. John:—All right! You two fight it out between yourselves.—Exchange.
